

# Highlands Teen Photography Group

Sponsored by the Highlands Borough Arts Council  
Camera Club

## You Don't Take a Photograph, You Make It

Ansel Adams

Students learn various camera techniques, and how to take exhibit-worthy photos. Topics will include landscape photography, action photography, and other techniques. Mentors will accompany students on photo walks around Highlands to assist our youth enthusiasts and provide feedback from the HBAC Camera Club members. At the end of the program student's best work will be featured in a local photography exhibition. Members of the community will vote on the 12 most worthy photos to be published in the 2020 Highlands calendar. Students are welcome with any variety of cameras; however, our goal is to work students to provide a basic understanding of photography. Our first meeting will mainly be focused on getting to know each other and discussing what our vision is for this group. Please bring the camera or smartphone you will be using throughout the program. We look forward to meeting with you.
