INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members
of the Borough Council
Borough of Highlands
County of Monmouth
Highlands, New Jersey

We have audited the accompanying balance sheets of the various funds and the comparative statement of general fixed asset account group of the Borough of Highlands (the "Borough"), as of December 31, 2013 and 2012, and the related statements of operations and changes in fund balance for the year ended December 31, 2013 and the six month transition year ended December 31, 2012, the related statements of revenues and statements of expenditures for the year ended December 31, 2013 and the related notes to the financial statements which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The financial statements of the Length of Service Award Program ("LOSAP") were not audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements in accordance with auditing standards generally accepted in the United States, *Government Auditing Standards* and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2013 and 2012 or the changes in financial position for the year ended December 31, 2013 or for the six month transition year ended December 31, 2012.

Basis for Qualified Opinion on Length of Service Award Program

The financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund and represents 15.49% and 17.18% of the assets and liabilities as of December 31, 2013 and 2012 respectively, of the Borough's Trust Funds.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on Length of Service Award Program" paragraph, the financial statements referred to above present fairly in all material respects, the financial position of the Borough Trust Funds, for the year ended December 31, 2013 and for the six month transition year ended December 31, 2012 on the basis of accounting described in Note 1 to the financial statements.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the current fund, general capital fund, water-sewer utility fund, payroll fund and the general fixed asset account group of the Borough as of December 31, 2013 and 2012, and the results of its operations and changes in fund balance of the individual funds for the year ended December 31, 2013 and for the six month transition year ended December 31, 2012, on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1 to the financial statements.

Uncertainties Regarding Community Disaster Loan

As discussed in Note 20E the Borough received a Community Disaster Loan from the United States Government Department of Homeland Security in the amount of \$2,363,102.00 due to potential losses in revenue as a result of Hurricane Sandy. In accordance with directives from the State of New Jersey these loans were realized as revenue in various funds of the Borough for the year ended December 31, 2013. The loans have not been recorded as loans payable on the balance sheets of the Borough. Federal guidelines stipulate that under certain conditions these loans may be forgiven. As of the date of this report there is no decision that the loan was or will be forgiven. Our opinion is not modified with respect to this matter.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's financial statements. The accompanying financial information listed as supplementary schedules and comments section in the table of contents are presented for purposes of additional analysis as required by the Division of Local Government Services and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The accompanying financial information listed as supplementary schedules and comments sections in the table of contents and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund supplementary information been audited, in our opinion, the supplementary schedules, comments sections and schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

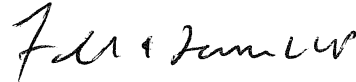

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2014, on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreement and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor and Members
of the Borough Council
Borough of Highlands
County of Monmouth
Highlands, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Borough of Highlands, of the State of New Jersey (the "Borough"), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements and have issued our report thereon dated December 16, 2014. The financial statements of the Length of Service Award Program ("LOSAP") were not audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements in accordance with auditing standards generally accepted in the United States, *Government Auditing Standards* and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America. As described in Note 1, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion was also qualified because the Division of Local Government Services does not require the Length of Service Award Program to be audited, only reviewed.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However providing an opinion on compliance with these provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

During fiscal year 2012 (July 1, 2011 to June 30, 2012) the Borough made application to the Local Finance Board to revert to a calendar year. The application was approved. A six month transition year budget was adopted to cover the period July 1, 2012 to December 31, 2012 and commencing January 1, 2013 the Borough began operating on a calendar year. This audit report covers the calendar year period of January 1, 2013 to December 31, 2013.

The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

The financial statements of the Borough of Highlands, County of Monmouth, New Jersey ("Borough") include every board, body, officer or commission maintained wholly or in part by funds appropriated by the Borough, as required by the provision of N.J.S. 40A:5-5. The financial statements, however, do not include the operation of School Boards, Highlands Housing Authority, Volunteer Fire Departments and First Aid Squads which are subject to separate audit. Included within the financial statements are taxes levied, collected and turned over to School Boards and appropriations for contributions to Volunteer Fire Departments and First Aid Squads. Complete financial statements of the above entities can be obtained by contacting the Treasurer of the respective entity.

B. Description of Funds

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with GAAP.

The accounting policies of the Borough conform to the accounting principles and practices applicable to municipalities prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The accompanying financial statements are presented in the format prescribed by the State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and are a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Description of Funds (continued)

Current Fund - resources and expenditures for governmental operations of a general nature.

Grant Fund - accounts for receipts and disbursements of Federal and State Grants.

Trust Funds - receipts, custodianship, and disbursements of monies in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund and are offset by deferred charges to future taxation.

Water-Sewer Utility Operating and Capital Funds - are used to account for Water/Sewer operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the Water/Sewer Utility to the general public be financed through user fees. Operations related to the acquisition of Water/Sewer capital facilities are recorded within the Water/Sewer Utility Capital Fund. Bonds and notes payable of the utility are recorded in the Utility Capital Fund.

Payroll Fund - receipts and disbursements to account for the payroll and payroll tax liabilities of the Borough.

General Fixed Assets Account Group - reflects estimated valuations of land, buildings and certain moveable fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

BOROUGH OF HIGHLANDS
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Property Taxes and Other Revenues - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts. Property taxes are payable quarterly on the first day of February, May, August, and November.

Grant Revenues and Expenditures - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they are earned and the expenditures to be recognized when the liability is incurred.

Expenditures - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Deferred Charges - the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in

the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheet. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2013 is set forth in Note 7.

Compensated Absences - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Asset Group at its market value.

Interfunds - interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset as reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies - the costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The inventories have offsetting reserve amounts.

Fixed Assets - Utility - property and equipment purchased by the Utility Fund is recorded in the Utility Capital Fund at cost and is adjusted for dispositions and abandonments. The amount reported for reserve for amortization of fixed capital acquired on the balance sheet of the Utility Capital Fund represents the aggregate charges (capital outlay and debt service) to the operating budget for the costs of acquisitions of property and equipment and proceeds from grants-in-aid. The utilities do not record depreciation of property and equipment. GAAP does not require the establishment of a reserve for amortization of fixed capital, whereas it does require the recognition of depreciation of property and equipment by enterprise funds.

BOROUGH OF HIGHLANDS
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Reserve for Sale of Municipal Assets - the proceeds of the sale of municipal assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

General Fixed Assets - property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from accounting principles generally accepted in the United States of America. The following is a brief description of the Directive.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation on general fixed assets is recorded in the financial statements.

Fixed assets acquired through grants-in-aid or contributed capital are not accounted for separately.

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in general purpose financial statements in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

The Borough of Highlands must adopt an annual budget in accordance with N.J.S.A. 40A:4-4 et al. N.J.S.A. 40A:4-5 which requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulated in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

F. Cash, Cash Equivalents and Investments

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

The Borough of Highlands is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Borough considers highly liquid investments with an original maturity of three months or less at the time of purchase to be cash equivalents.

NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS

Deposits

All bank deposits as of the balance sheet date are either insured or covered by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act (see Note 1 - Cash, Cash Equivalents and Investments).

At December 31, 2013, the Borough's deposits had a carrying amount of \$17,432,681.54 and a bank balance of \$17,319,175.24. Of the bank balance \$321,224.33 was covered by federal depository insurance, and the remainder was covered by the Governmental Unit Deposit Protection Act.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that, in the event of bank failure, the government's deposits may not be returned to it. The Borough does not have a formal policy for custodial credit risk. As of December 31, 2013, the Borough's bank balance was not exposed to custodial credit risk.

Investments

During the year, the Borough had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Borough.

Interest Rate Risk - Investments

LOSAP investment options are at the discretion of each individual participant and not the Borough.

NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Credit Risk - Investments

NOTE 4 LONG-TERM DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The terms of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

NOTE 6 DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 10 ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1st in each year and filed with the County Board of Taxation ("Board") by January 10th of the following year. Upon the filing of certified adopted budgets by the Borough, Local School District, Regional School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 20th with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector ("Collector") on or before June 3rd. In accordance with N.J.S.A. 54:4-66 tax bills are prepared and mailed by the Collector twice a year and are due quarterly on February 1st, May 1st, August 1st and November 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

NOTE 11 LOCAL DISTRICT SCHOOL AND REGIONAL HIGH SCHOOL TAXES

Local District School and Regional High School Taxes have been raised and liabilities deferred. Section 13 of P.L. 1991, C. 63 provides that any municipality that levies school taxes on a school year basis may defer from the municipal purposes tax levy 50% (fifty percent) of the levy. The amounts so deferred shall be regarded as fund balance and shall be used to offset the local property tax levy for local purposes. At year end taxes due consisted of the following:

NOTE 13 PENSION PLANS

Plan Description

Substantially, all Borough employees participate in the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"). The Division of Pensions within the Treasury Department of the State of New Jersey is the administrator of the funds and charges municipalities annually for their respective contributions. The plans provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The plans are cost-sharing multiple-employer defined benefit plans and, as such, do not maintain separate records for each municipality in the state and, therefore, the actuarial data for the Borough is not available. The Division of Pensions issues publicly available financial reports for each of the plans that include financial statements and required supplementary information. The reports may be obtained by writing the State of New Jersey, Division of Pensions.

Funding Policy

Employee contributions are currently 6.78% and 10% of their base wages for PERS and PFRS, respectively. Employer's contributions are actuarially determined annually by the Division of Pensions. Borough contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
SFY 2011	\$ 162,678.00	\$ 335,817.00

Funding Policy (continued)

All contributions were equal to the required contributions.

Under the provisions of Chapter 78, P.L. 2011, employee pension contribution rates for PERS members increased effective July 1, 2013 from 6.64% to 6.78%. The contribution rate will increase by 0.14% each year on July 1 until July 1, 2017 and increase 0.16% on July 1, 2018 when the rate will be 7.50%.

NOTE 14 POST EMPLOYMENT RETIREMENT BENEFITS

Effective for fiscal year 2010, the Borough implemented GASB Statement 45 "Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions (OPEB)" prospectively. Prior to February 2011, the Borough administered a single-employer defined benefit healthcare plan. The plan provided postemployment healthcare benefits through the Borough's group health insurance plan. Effective February 2011, the Borough joined the New Jersey State Health Benefits Program.

Plan Description

In addition to the pension benefits described in Note 13, the Borough contributes to the New Jersey State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2011, the Borough authorized participation in the SHBP's post-employment benefit program through resolution number 10-212. To receive lifetime health benefits paid for by the Borough, an employee must meet the following criteria (unless otherwise expressly provided by Collective Bargaining Agreements, personal service contract, or by law):

1. The employee has twenty-five (25) years or more of service credit in a state or locally administered retirement system and a period of service of at least twenty-five (25) years with the Borough of Highlands at the time of retirement; or

2. The employee is sixty-five (65) years or older with twenty-five (25) years or more of service credit in a state or locally administered retirement system and a period of service of at least fifteen (15) years with the Borough at the time of retirement; or
3. The employee is sixty-five (65) years or older with at least twenty (20) years of service with the Borough; and
4. The employee was eligible for employee medical coverage during the last five years of their employment with the Borough; and
5. The employee retires from an employment position with the Borough of Highlands under a Service Retirement as defined by the Public Employee's Retirement System ("PERS"), the Police and Firemen's Retirement System ("PFRS") or under the express terms of any Collective Bargaining Agreement or personal services agreement.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-employment health benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis. The Borough currently contributes on a pay-as-you-go basis based upon monthly invoices from the State of New Jersey Division of Pensions. Employees are not required to contribute. Contributions to the plan and the number of former employees eligible for and participating in the post-employment health care benefits program with the SHBP for the state fiscal year ended June 30, 2012, for the six month transition year ended December 31, 2012 and for the calendar year ended December 31, 2013 was as follows:

The Borough is a member of the Monmouth County Municipal Joint Insurance Fund. The public entity risk pool is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The Joint Insurance Fund will be self-sustaining through member premiums. The Joint Insurance Fund contracts for excess liability insurance for property, general liability, auto liability, public official liability, law enforcement liability, and workmen's compensation. NOTE 20 CONTINGENT LIABILITIES (continued)

B. Unemployment Compensation Insurance

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et. seq). The Borough has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The Reserve for Unemployment Compensation Insurance at December 31, 2013 and 2012 totaled \$247,419.15 and \$216,663.98, respectively.

C. Litigation

The Borough is involved in legal and administrative proceedings and claims of various types. While any litigation contains an element of uncertainty, Borough Officials, based upon the opinion of the Borough's Counsel, presently believe that the outcome of each such proceeding or claim which is pending or known to be threatened, or all of them combined, will not have a material adverse effect on the Borough's financial position or adversely affect the Borough's ability to levy, collect, and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

D. Federal and State Grants

The Borough receives financial assistance from the U.S. government and the State of New Jersey in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, cost previously reimbursed could be disallowed and require payments to the grantor agency. As of December 31, 2013, the Borough estimates that no material liabilities will result from such audits.

E. Community Disaster Loan

During the year ending December 31, 2013 the Borough realized \$2,363,102.00 as revenue from Community Disaster Loans received from the United States Government Department of Homeland Security, Federal Emergency Management Agency. \$2,063,102.00 and \$300,000.00 were realized as revenue in the Current Fund and the Water-Sewer Utility Operating Fund, respectively.

NOTE 20 CONTINGENT LIABILITIES (continued)

E. Community Disaster Loan (continued)

In accordance with directives from the State of New Jersey these loans were realized as revenue during the year ended December 31, 2013.

In accordance with federal guidelines the loans will be forgiven if certain revenue criteria are met in future years. If the criteria are not met the loans will have to be established on the respective balance sheets of the Borough.

Municipalities in the State of New Jersey report under the regulations promulgated by the State of New Jersey. As of the date of this report there has been no determination as to how the loans will be established on the various balance sheets. They may be established as a reduction of fund balance or another method may be utilized such as establishing a deferred charge with an offsetting loan payable.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY CIRCULAR A-133

To the Honorable Mayor
and Members of the Borough Council
Borough of Highlands
County of Monmouth
Highlands, New Jersey

Report on Compliance for Each Major Federal Program

We have audited the Borough of Highlands, State of New Jersey's (the "Borough") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Borough's major federal programs for the year ended December 31, 2013. The Borough's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Borough's compliance.

Opinion on Each Major Federal Program

In our opinion, the Borough, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Report on Internal Control Over Compliance

Management of the Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over compliance.

Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

BOROUGH OF HIGHLANDS
NOTES TO THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION

A. Organization

The Borough of Highlands is the prime sponsor and recipient of various federal and state grant funds. The Borough has delegated the administration of grant programs and the reporting function to various departments within the Borough. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately within the Borough's financial records. The Borough's Department of Finance performs the accounting functions for all grants.

B. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Borough of Highlands. The schedule is presented on the cash basis of accounting other than the Disaster Grants received from the United States Department of Homeland Security.

The Disaster Grants presented in the accompanying schedule of federal awards are presented based on approved expenditures from the U.S. Department of Homeland Security. These expenditures include cash disbursements and commitments for future disbursements based on contracts awarded. The eligible expenditures will be adjusted in future years based on insurance proceeds and increases or decreases in project scope.

The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

NOTE 2 CONTINGENCIES

Each of the grantor agencies reserves the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results. However, Borough management does not believe such audits would result in material amounts of disallowed costs.

NOTE 3 LOANS OUTSTANDING

During the year ended December 31, 2013 the Borough received \$2,363,102.00 in Community Disaster Loans. These loans are funded by the United States Department of Homeland Security. In accordance with the regulatory basis of accounting followed by municipalities in New Jersey these loans were realized as revenue during the year ended December 31, 2013. In accordance with federal guidelines these loans may be forgiven if certain revenue criteria are met in future years. The potential liability by fund is as follows:

Water-Sewer Utility Operating Fund	\$	2,063,102.00
Current Fund		<u>300,000.00</u>
Total Potential Liability	\$	<u><u>2,363,102.00</u></u>

GENERAL COMMENTS

FOR THE YEAR ENDED DECEMBER 31, 2013

GENERAL COMMENTS

Contracts and Agreements Required To Be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law".

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Bayside Drive Improvements
Real Property Data Collection and Verification Services

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal any individual payments in excess of the bid threshold "for the provision or performance of any goods or services" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered."

GENERAL COMMENTS (continued)

Collection of Interest on Delinquent Tax, Assessments and Sewer Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The Governing Body adopted the following resolution authorizing interest to be charged on delinquent taxes, water-sewer rents, and assessments:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Highlands, Monmouth County, New Jersey as follows:

1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date; and 18% per annum on any amount in excess of \$1,500.00 becoming delinquent after due date; and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond June 30th, an additional penalty of 6% shall be charged against the delinquency.
2. There will be a ten (10) day grace period of quarterly tax payments made by cash, check or money order.
3. Any payments not made in accordance with paragraph 2 of this resolution shall be charged interest from the due date as set forth in paragraph 1 of this resolution.

Tax Sale

The last tax sale was held on December 11, 2013 it was complete.

Tax Title Liens

The following comparison is made of the number of tax title liens receivable at year end of the last three (3) years.

<u>Year</u>	<u>Number of Liens</u>
CY 2013	5
TY 2012	5
SFY 2011	5

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis. Certain liens have been in existence for greater than two years.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was done for the period under audit in accordance with the regulations of the Division of Local Government Services.

Appreciation

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.

Very truly yours,
