ANY DELIVERED PRIOR TO 8 AM WILL NOT BE COUNTED.

HRD SUMMER CAMP

HES STEM CAMP

Contact HES to register your child for STEM Camp. In order for your child to attend from summer camp permission will be needed for your child to walk with the HRD staff. Please use the front page to let us know if you will be registering your child with the school to help us prepare for the summer. Your child needs to be a registered student at HES to use this service. Your camper **will not** have an opt-out on a day-to-day basis through summer camp. If they are registered, they will be required to attend unless they are absent from camp.

MEALS – Eligibility application required for all participants even if you do not qualify

The HRD no longer qualifies for the free meal program for all participants. Eligibility application is attached and required to complete your pre-registration. We will be providing breakfast and lunch at an additional cost. The meal card is \$20 per child/per week for both meals. If you do not sign up for a meal card, you will be required to send a bagged breakfast & lunch for your child. If your child forgets their bagged meal, they will be provided the same meal that is being served and you will be charged \$5.00 via League Apps each day your child does not bring their lunch.

TRIPS

Trips will be available for purchase on a first come, first serve basis based on tickets and bus availability. Campers ages 7 and under will not be permitted to attend trips this year. In order for your child to participate in the HRD summer camp trips they will be required to wear their orange HRD shirt. If you do not have one from previous years or wish to order another, they are available for purchase. Please see the attached t-shirt order form. There are no refunds for the trip unless the trip is cancelled. You may sign up at this time for the trips and an invoice will be sent prior to the start of camp.

OPAK

Marine Megafauna Weeks *Students entering grades 3-7 in the fall of 2022*

Learn how to be an oceanographer this summer when you join us for a session of ocean discovery! OPAK students will participate in hands-on ocean scavenger hunts on Sandy Hook Bay that will include numerous ocean chemistry experiments, interactive games, use of various nets and a horseshoe crab lesson. Students will also conduct a scientific study of marine mammals like pinnipeds and whales. Studies will include their diets, migration patterns and communication techniques! Students will also get the opportunity to create their very own ocean master pieces reflecting their time on the waterfront. [Click here for medical form, t-shirt and donations](#) or visit <https://opakedu.org/highlands-summer-2022>.

Tuition: FREE, however donations are encouraged to help us continue to offer these programs.
